"I'm going to die." Rokuna Hiiragi, 11 years old. She became aware that for her friends her life would serve no more than a mere sacrifice in the path to happiness.
They were 30 minutes late in rescuing Rokuna. In those moments, she was thinking:

READY?
ARE YOU TWO
GOOD
TO CROSS UNKNOWN LANDS, IT'S BETTER TO WEAR AN IDENTIFIABLE OUTFIT FOR YOUR FRIEND.
IT'S YOUR NEW SUITS.
DOCTOR, WHAT'S THIS?
BUT IT'S GOOD! IT'S FANTASTIC YOU SHOULD BE HAPPY WITH WHAT YOU HAVE!
DON'T TELL ME
AH, ROKUNA ARE YOU READY?

MON MON ITEMS!

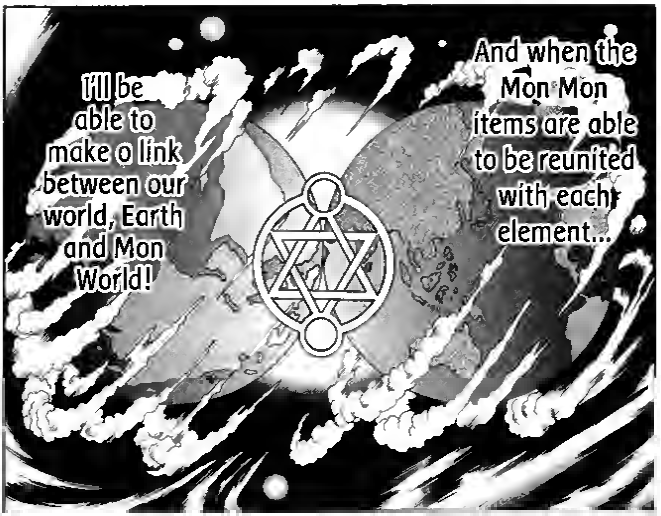
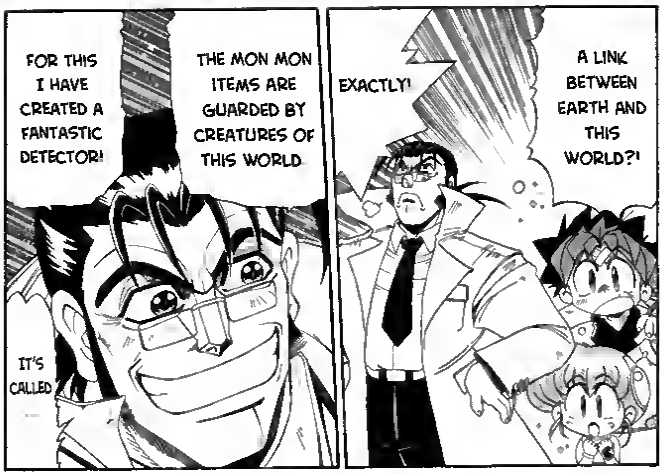
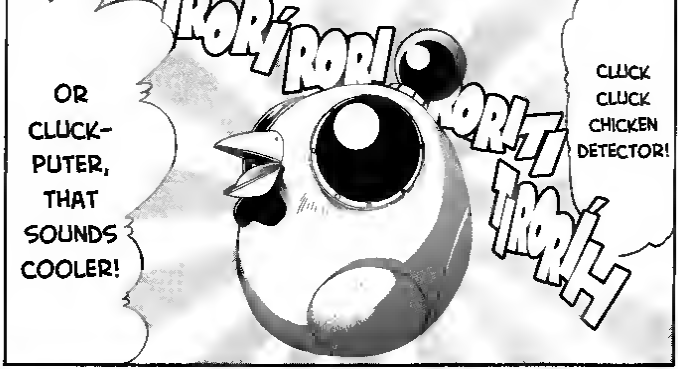
Fire, air, water, earth, light and darkness. The Mon Mon items are items that contain this symbol...
The Mon World is made up by six elements ...

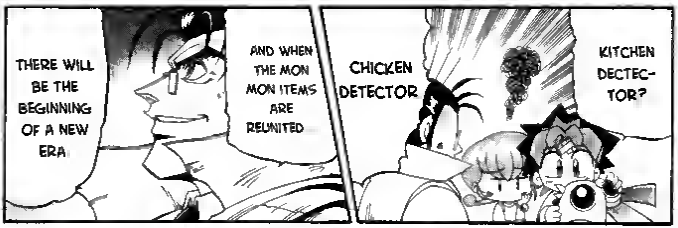


I'll be able to make a link between our world, Earth and Mon World!
And when the Mon Mon items are able to be reunited with each element...



FOR THIS I HAVE CREATED A FANTASTIC DETECTOR!
IT'S CALLED
THE MON MON ITEMS ARE GUARDED BY CREATURES OF THIS WORLD
EXACTLY!
A LINK BETWEEN EARTH AND THIS WORLD?!





Note: It originally had the rhyming word for "chicken" so I tried to choose an English word that somewhat rhymed with "chicken" to keep the little joke intact
